Who would have thought that in January, when the City of Pacific, MO contacted Gateway GTO about being a featured club for a Saturday cruise-in and show at the historic Red Cedar Inn, that it would turn out to be so well attended. After having gotten club approval, Chris signed us up for Saturday, May 23, 2026. 14 Gateway cars showed up on the club's behalf, plus 2 other GTOs.

In addition, there were a couple of mid-60's Chevy's, one an SS and one an El Camino, a 60's Mustang and an older Ford pickup.

RED CEDAR INN CRUISE-IN

Despite grey clouds and a light mist requiring only a swipe or two of the wipers on the drive to Red Cedar, the weather was perfect for our first official outing of spring. With cloud cover, we weren't searching for shade or having to douse with sunscreen. Everyone was happy to be out with the cars and gather around to visit not only the pictorial Rt. 66 history inside Red Cedar, but to chat and "shoot the bull" in the parking lot. Numerous freight trains rumbled through town and many cars passing by honked and waved at the site of all our cars. Visitors to the Red Cedar Inn were also happy to browse the parking lot and enjoyed chatting with many of us as well.

RED CEDAR INN CRUISE-IN

There were a couple of non- “Gateway” GTO’s that also showed up. One was a red 2005 GTO, and one was a black 66. Chris was sure to give them our business card and a membership application. Another couple said they wished their son had known of the car show. He has a 69 Judge, not too far from making its debut on the road, but also several more project GTOs and numerous parts and engines ready to run in their storage barn. It turns out their son lives very close to Gingham’s restaurant in St. Charles. We made sure they also got a business card and application for their son!

RED CEDAR INN CRUISE-IN

From the show at Red Cedar, we cruised to lunch in Eureka at Poor Richard's. We had their private room reserved and our buffet lunch was ready and waiting for us upon arrival. Their food was great! Cold crisp salad, chilled dollar sandwiches, and piping hot mostaccioli. I think everyone was really happy with lunch.

After a great lunch we cruised back to Campbell's Rt. 66 Service. Proprietor Larry West and his wife Kathleen had the garage doors up and ready for us to peruse their collection of period correct garage items and automobiles. We learned that Kathleen used to work for Pontiac! The Pontiac line was dropped from GM 2 years after she quit working there... Larry West, of West Paving, had been involved in paving of many Missouri highways. Having worked with MoDot, he was able to obtain many photos of the initial grading and paving of the historic highway. He had a PowerPoint presentation showing a lot of the construction, as well as many historical photos of the iconic Rt. 66 establishments in the area. To see even more information on the station you can visit their website <https://tourroute66.com/>.

As far as GTO "tech" issues of the day, ... Terry dug out his portable air compressor from the trunk of the 70 for the Bowers' 67 low tire, and then Schott's and Lewis' stopped at O'Reilly's for connectors/fittings for the bypassing of Earl's

RED CEDAR INN CRUISE-IN

heater core that had sprung a leak all over the console and carpet of his car. Gail and Barb enjoyed a frozen whiskey sour on the patio, while Terry and Earl performed the bypass surgery in the garage.

All in all, it turned out to be a good day for everyone.

Presidents Scoop

The President's Scoop

By Chris Winslow

May is almost behind us, but we do have a few events left on the last weekend of the month. First up is the Wheels In Motion Car show at the Church on the Rock. As we usual we will be covering the gate for the event, taking money as folks arrive for the show. In addition, for this show the First Capital Classics Club has asked Gateway for some help staffing the registration desk for the event and also helping them set up a small raffle that they are planning to run. So, in addition to coming to the show, please plan to help out with some of these tasks if you can.

For the first weekend in June on the 6th, Robert Woolsey and the KC Arrowheads Car Club has invited us to attend the 16th Annual Pontiac Tribute day in Blue Springs put on by the KC Arrowheads Car Club. Paula and I went to that show last year and we really enjoyed it so we are planning to go again this year. For those interested in caravanning to the event, we are planning on leaving from our house in O'Fallon about 6:30am and jumping on highway 70 for the cruise to the show.

Of course, as we move into June, we are in the final countdown for the GTOAA National Convention in Loveland, Colorado. If you have not already registered, please do so quickly as time is running out. As we have noted previously, Tom and Terrie Oxler have organized a caravan to drive to Colorado for the Nationals. See the flyer in this newsletter for more details.

Also coming up before you know it will be our annual All Pontiac Show at the Pontiac Museum in Illinois. The flyer for that event is included in this newsletter. With this year being the 100th anniversary of both Pontiac and Route 66, we are planning a special weekend, including a special car display with the last Pontiac ever built and the 1966 Gray Ghost Funny Car. The City of Pontiac has arranged a special rate for us at the hotels for this event. I have included in this newsletter the hotel info page for the event. This information is also available on our website. Please note that if you call to reserve your room use the phone number on that flyer and ask for the front desk to make the reservation. The national reservation folks for these hotel chains will not know about these special rates. You should get your room for that show reserved soon because our show is not the only event in the area that weekend and the hotels are expected to sell out.

As you are looking over the GTO Marketplace section of the newsletter this month you will notice that we have a new advertiser on page 22. Jim Schneider has officially launched his car appraisal business, Premier Collector Car Appraisals, so his card is now up on that page. I have already had Jim appraise my pair of Pontiacs and I can tell you that you will not be disappointed with the comprehensive evaluation, research, and attention to detail in Jim's appraisals.

Finally, thanks to Terry and Gail Schott for organizing the lunch and tour of Campbell's Route 66 Service after our cruise in this weekend at the Red Cedar Inn. Also thanks to Gail for writing the article on the event!
